ABOUT THE NORMAL SCHOOL.

At an adjourned meeting of the

Friends of the North West Missouri

State Normal School, which convened

at the Court House in this city, on Sat-

urday afternoon, the 21st inst., Mr.

Daniel David, chairman of the former

meeting, called the house to order. A.

Klippel was chosen secretary, and read

the minutes of the previous meeting.

During the progress of the meeting

a letter from the Hon. H. K. Robinson,

our Representative in the General

Assembly, was read, announcing the

failure of the Normal School Bill at

this session, whereupon a motion was

made that there was no occasion for

action the meeting do now adjourn.

The motion, the committee appointed

at the former meeting, was requested

to present their report, which was read

and committee discharged. The

report is as follows:

Your committee respectfully beg

leave to report that in view of the fact

of a telegram having been received

from Hon. H. K. Robinson, stating

that the North West Normal School

has not as yet passed either house;

your committee, under the circumstances

deem it premature to take any definite

action at present, but would respect-

fully recommend that a petition be

drawn up and presented to our citizens

for signatures, urging upon our Repre-

sentative and Senator to use every effort

to secure the passage of the bill.

We would also state that the com-

mittee have taken pains to interview

citizens from different parts of the

county, and find that so far as they

have had an expression that the feel-

ing is nearly unanimous in favor of

securing the location of the School in

Holt county. In view of these encourag-

ing facts, therefore,

Resolved, 1st, That we as citizens of

Holt county will use all proper efforts

to secure the location of the North

West Normal School in Holt county.

Resolved, 2nd, That in view of the

probability of the bill as passed at the

future session of the Legislature be-

coming a law, we respectfully suggest

that the citizens of the county at their

grange and school meetings, discuss the

subject of securing the location of the

Normal School in Holt county, so as to

prepare the way for decisive action

when the time for legislative action

comes.

Resolved, 3rd, That we as citizens of

Holt county will use all proper efforts

to secure the location of the North

West Normal School in Holt county.

Resolved, 4th, That in view of the

probability of the bill as passed at the

future session of the Legislature be-

coming a law, we respectfully suggest

that the citizens of the county at their

grange and school meetings, discuss the

subject of securing the location of the

Normal School in Holt county, so as to

prepare the way for decisive action

when the time for legislative action

comes.

Resolved, 5th, That we as citizens of

Holt county will use all proper efforts

to secure the location of the North

West Normal School in Holt county.

Resolved, 6th, That in view of the

probability of the bill as passed at the

future session of the Legislature be-

coming a law, we respectfully suggest

that the citizens of the county at their

OREGON ITEMS.

John G. Ingraham opened a new

boarding house on the South West

Corner of the public square, and com-

menced taking in guests on Monday.

The Oregon City Council was in

session on Tuesday night.

Messrs. Wm. Hawkins, John Niles and

W. B. May, were appointed judges of

election in the East Ward, and Messrs.

Jacob S. Foster, George Cummins and

John G. Ingraham, for the West Ward.

The new story and half frame resi-

dence of Mr. Moses Bennett is en-

closed, and is hastening to completion.

It is a real ornament of that part of the

city.

George Seeman has commenced

work on the foundation of a new cot-

tage residence, which will be built on

the premises of the old.

The Woman's Union are raising a

fund for the purpose of building a spa-

cious Public Hall. An effort is being

made to have the city join in the un-

der-taking as part owner of the proposed

edifice. The spirit of improvement is

abroad. We expect to see a number of

substantial business houses go up this

spring and summer in Oregon.

M. Smith traded in the fine

residence property, formerly owned by

Joseph Coleman, corner of Second

and Western avenue, giving in return

his property on the corner of Savannah

avenue and Academy street.

Several important real estate trans-

actions have lately taken place in this

city. Dr. Stone has bought the Martin

Whitmer property, corner of Washing-

ton and Savannah avenue.

Mr. T. I. Kreck bought the 40-acre

orchard of Levi Zook, adjoining the

city on the west, for \$3,000.

Ten thousand Doublet black cap

and mammoth cap raspberry root tips,

ordered from Clementson O., by Dr.

A. G. Goshall of this city, have been

sold this month to several parties in

this county. Raspberries and celery

are extensively cultivated by the Doctor.

This year he will cultivate six acres of

celery and twenty of raspberries.

Dan Kunkel, sr., sold his woolen

factory and flouring mill, located a

short distance east of town, for \$17,000.

The purchasers are Gideon, Daniel,

Cornelius and Christian Kunkel—his

sons.

Sherriff McIntyre and Circuit Clerk

Allen, are busily engaged preparing

for the April Term of the Holt Circuit

Court.

The County Court at its last ses-

sion ordered the Sheriff to let the con-

tract for building a cistern near the

Court House for the use of the Court

House, the same to be 20 feet deep and

7 feet wide.

A few days ago Mrs. Silas Peave,

who resides some three miles south

east of Oregon, was prostrated by a

severe attack of heart disease—an af-

fection she formerly was subjected to.

Upon the application of restoratives

she recovered in a short time.

At Auction!

We will sell at Public Sale, on Sat-

urday March 29th, 1874, to pay storage,

freight, etc., the following Goods:

One New Pigeonhole Billiard Table;

Two New Two-Horse Plows;

Two Wheat Drills;

One Fat Steamer;

Two 4-barrel Roofing Tar;

FORTIETH PARALLEL RAILROAD.

The project of building an air-line

double track railroad on or near the

Fortieth Parallel from the Atlantic

Ocean to the Rocky Mountains and

finally to the Pacific, is meeting with

universal favor. The Springfield Con-

vention has given an impetus to an

undertaking that will eventuate in

some time really beneficial to a vast

proportion of the American people.

Senator Morton, of Indiana, in allud-

ing to his knowledge of a wealthy com-

pany in Amsterdam, Holland, representing

a capital of two hundred million dol-

lars, who offer to build this road with

no further assistance from the people

along the line, than the right of way

through the counties through which

it to pass should be given them. Said

company were willing to commence

the great road as soon as charters

could be secured from the states of

Pennsylvania, Ohio, Indiana, Missouri,

Kansas, Nebraska and Colorado.

Railroads are a blessing, and we

do not doubt, that as soon as the people

can be brought to understand the

prospective benefit of the enterprise,

they will eagerly give their representa-

tives in the law-making assemblies to

bestow the necessary legislation.

In the meantime we hope the exe-

cutive committee will collect all the

facts and figures that will be calculated

to throw light on the subject and tend

to promote the cause. By this east

and west line Holt county will procure

the much desired and greatly-needed

outlet to the great markets of the

world. The following gentlemen con-

stitute the executive committee:

EXECUTIVE COMMITTEE.
